

HMIS Advisory Committee Meeting

Central Florida Commission on
Homelessness (CFCH)
CoC FL-507
March 11th, 2025

Melissa Sandel, Committee Chair

HMIS Advisory Committee Mission

Our mission is to effectively use data, which includes inputs from those in need of services, those providing services, and from members of the community, to eliminate homelessness in Central Florida.

HMIS Advisory Committee Purpose

Oversee the CoC's implementation of HMIS, what we do with the data and how we use it.

New Agencies to HMIS

Boys Town of Central FL

Boys Town Central Florida opened in 1986 in Oviedo. The site works with the state of Florida to combat child abuse and neglect through one short-term Intervention and Assessment center. Community Support Services SM include Children in Need of Services/Family in Need of Services, Common Sense Parenting® classes, and Project Safe Place, a national program that assists at-risk girls and boys in crisis. Nearly 1,000 children were served and impacted by Boys Town Central Florida services in 2023.

Boys Town will be operating an ESG-funded emergency shelter for child-only households.

Recovery Connections

Recovery Connections of Central Florida is a Recovery Community Organization (RCO), an independent 501c3 nonprofit organization led and governed by local recovery community representatives.

With lived experience in recovery and empathetic compassion, we are committed to connecting individuals and families to resources and support that offer multiple pathways to long-term, sustainable recovery from substance use disorder.

Recovery Connections will be operating DCF Challenge Plus-funded Rapid ReHousing and Homeless Prevention projects.

IDignity Osceola Moving to Hope Partnership

IDignity Osceola is now housed under Hope Partnership!

What does this mean for IDignity?

- Other IDignity locations and services for Seminole and Orange county remain the same.
- Original project in HMIS was closed and a new one built under Hope Partnership for 1/1/2025
 - No impact on reporting or quality of data.

Reporting Timeline Update

- System Performance Measures were originally due on March 5th, 2025
- HUD has announced a hiatus on submitting System Performance Measures, with no update on when they will resume
- The delay to the System Performance Measures also means a delay in the official PIT & HIC submissions (traditionally due a month after SPM's)
- We are prepping the data as though it could be due at a moment's notice, so please stay in communication as needed!

The Future of Data Quality with EVA

- Send email to hmis@hsncfl.org
 - Include "Sign me up to learn more about EVA"
- Aggregating data by project types
- Evaluating Improvement by Agency baseline
- Identifying specific CoC Data Quality Goals

Review New Enrollments Dashboard(BETA)

Let's explore the New Enrollments dashboard together

Breakout Session: What Numbers Matter to Our Community?

- We just reviewed EVA and a Community Dashboard (two ways to share data with the community). How could these tools be useful to your organization?
- What is missing from these tools that would be useful?
- Are any of the data points we presented more engaging or confusing than others?
- What is the most important part of your work (that is captured through data) that you want to share with the community?
- Any other thoughts about data and sharing data with the community?
